Yes you are correct. I will discuss with Suzanne Moss to know how many of the Market Place Inspection comes to IDPH

Thanks, Ola

Hi Ola,

I saw your comment from the recent communications from yourself and Claudia, and I thought I would jump in to learn more. I am not clear what is meant by “any Market Place Inspection and Sample collection requirement for FY21”. I am not sure if you were referring to the FY21 State-Specific Guidance that EPA had shared with IDA and IDPH, and whether it was incomplete (attached).

Based on my experience with other states, the information on formulations sample requirements is covered under OECA Activity # 19.02.02 from the Work Plan template. Claudia may be able to offer some insight. Thank you.

Mirtha

I searched through my files, I do not think I received a formulation sample result report from Michelle Brown of IDA Lab.

By the way, just to let you know IDPH has not received any Market Place Inspection and Sample collection requirement for FY21

Thank you, Ola

Subject: [External] Lab Analysis Needed: IDPH Case #7-19-226-01

Hi Ola:

I'm looking to get a copy of the lab results for the sample of EPA Reg. No. 9822-542 collected during IDPH's August 14, 2019 marketplace inspection of Garden Fresh Fruit Market, Inc., dba Garden Fresh Market, Case #7-19-226-01. If you're able, would you please send me a copy of these results? If you don't have access to the results at this time, please let me know that as well.

Thanks!

Claudia Niess
